Well, it was certainly a challenging event. Snow static rendered 2 and 222 nearly unusable until early Sunday. Conditions were so flat, we had exactly 4 grids on 903 and 1296 by midnite Saturday.

Rovers out in this stuff? You betcha! Although the wx certainly curtailed plans, the RVHFG fielded 4 rovers that at least left home with at least 10 bands running. Saturday nite, 0 temps and 35 mph winds with 2"/hr falling, and these guys are out there making contacts.

Can't wait till the next one!
