Total:	1643	257

Total Score 422,251

Club: Rochester (NY) DX Association

Comments: 2011-01-09 17:07:58

Score slightly down from last year, but mults were up. QSO total on 10 meters is six times higher than last year! Our 80 and 160 QSO totals are down from last year; not sure if RTTY RU took some normally casual CW ops away from this contest. Lowband conditions generally seemed flat.

We didn't have any major run ins with the RTTY ops, even on 40 meters, so it looks like things worked out OK with the two contests sharing spectrum.

Lots of fun working the usual participants, and very pleased to have lots of stations QSY for us-we do appreciate the effort!

Thanks again to Jeff and Andy, K0SM for all their work in getting the station ready for M/2. It is lots of work converting a station that is normally M/M to be a functional two position station for M/2.

Congrats to the other M/2 stations out there; looks like there are some nice scores.

73,

Andy, K2TJ and Ken, N2ZN
