Thanks to Jeff, W2FU, for allowing me use of the station this weekend.
Everything worked perfectly as always.

I probably could have done the bandchanges a bit better, especially on the lowbands, but things seemed to work out OK anyway. 20 meters always produced rate no matter the time of day or night.

Congratulations to all WRTC competitors. It sounded like you guys had a lot of fun this weekend.

Equipment: 2 K3's, 2 87A's, N1MM logger; station automation by YCCC SO2R box and Green Heron Everywhere software/hardware. Antennas: monoband stacks on 10-40, 80m 4sq, 160 loaded tower, RX 8 circle and RX 4sq on 80/160.
